

Community and Culture in Local Development

Johan Barstad

The Norwegian University College for
Agriculture and Rural Development
(CARD)

What we believe

- Our Future is formed through positive action by individuals and communities
- CARD promotes competence for change
 - Empowerment
 - Learning the value of local resources and their possible implications
- Strict focus on securing 'Bottom Up' approaches

Core Competences:

- Democracy-building through local development
- Local and Rural Development
- Local Mobilization
- Empowering and enhancing local skills
- Entrepreneurship

What we offer:

- Bachelor in Rural Development (180 credits)
- Community Entrepreneurship (10 credits)
- Local Community Treasure Hunting (15 credits)
- Cooperation with local NGO's, entrepreneurs and authorities

Community Entrepreneurship

- A course in community entrepreneurship, with tailored and practical knowledge on how to succeed in local development.
- Aim to enhance skills and knowledge among local NGO's, entrepreneurs and authorities.
- Tested and implemented on local developers in Norwegian municipalities and will be carried out in three Counties this year
- We seek contacts for cooperation
