

PEACEPAINTING

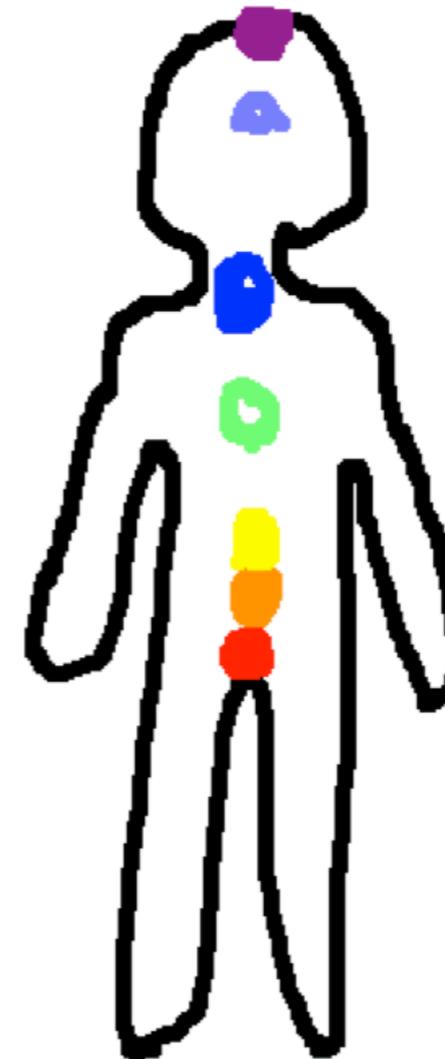

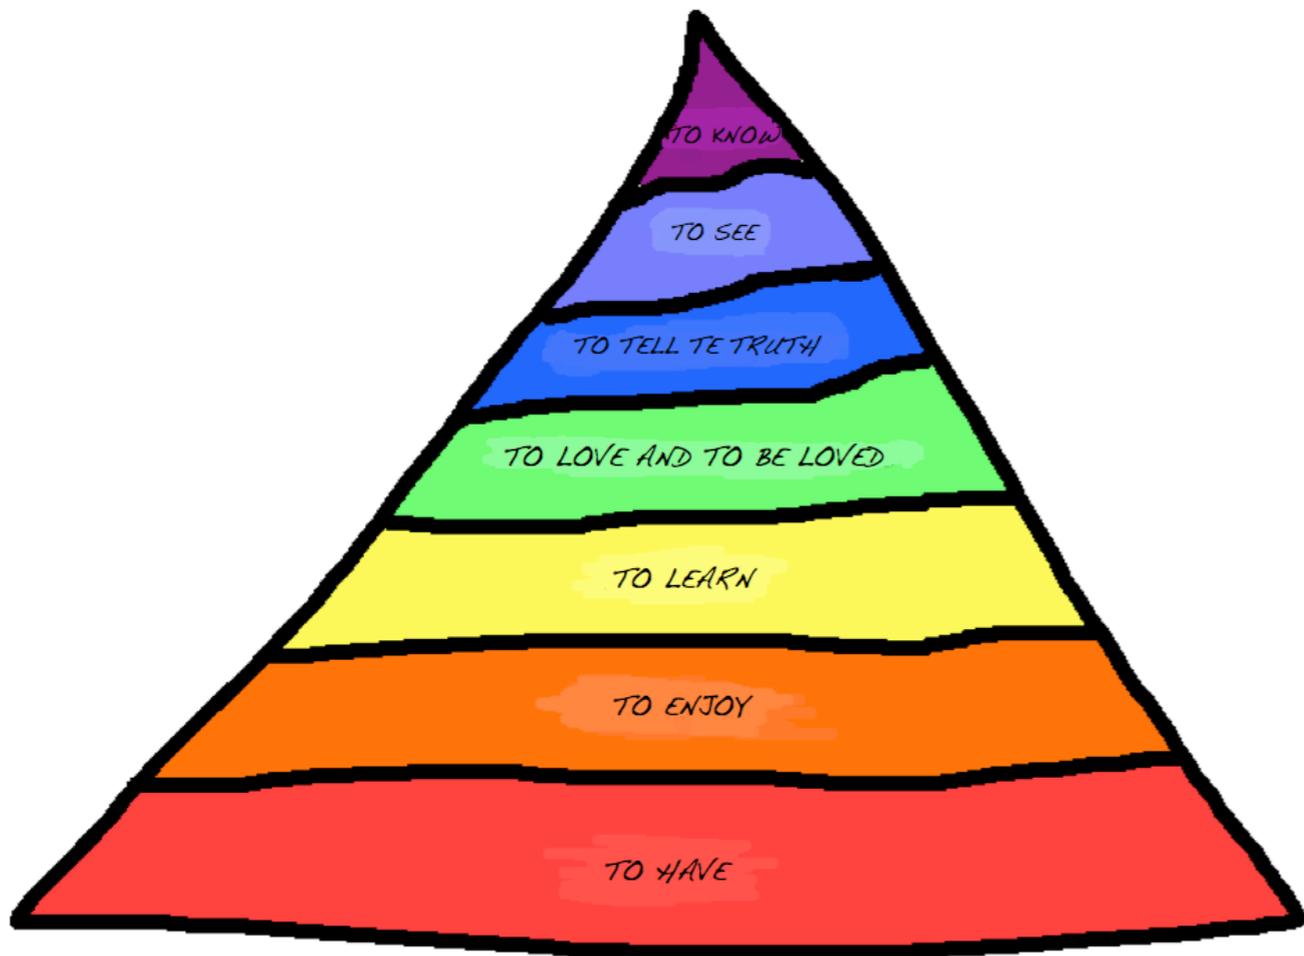

THE IDEA

- We facilitate so children and youth can express themselves through a language without words, in a context of peace and friendship between people and nations.
- We produce exhibitions where children and youth from different countries/ environments can communicate their messages through paintings and text.
- Paintings are moved around between places and countries.

SRI LANKA

PEACEFUL MORNING

Peace arises from all around the world, everywhere.

THE ELEPHANTS IN THE JUNGLE

I like to watch the elephants.
They are so big.
Don't touch them...just watch.
